

PRIATELIA!

Priamo v priestoroch strelnice je vojenská ubytovňa, sú tam k dispozícii dvojposteľové izby, jedna trojposteľová a jedna štvorposteľová izba. Sprchy a WC sú spoločné na chodbe.

Pre manželské páry a ženy strelkyne máme k dispozícii niekoľko dvojlôžkových apartmánov s vlastnými WC a sprchou. Posteľné prádlo je v cene ubytovania. Poprosím účastníkov Long Shot Slovakia aby sa pokiaľ možno dohodli medzi sebou na obsadzovaní izieb. Veľmi mi zjednoduší prácu spojenú s registráciou, keď budete dopredu nahlasovať obsadenie izieb. Polovičné obsadenie izieb akceptujeme v prípade zdravotných alebo osobných dôvodov a v prípade nevyužitých voľných izieb.

Raňajky a večere sa budú podávať v tej istej budove v ktorej budeme bývať. Obedy budú priamo na palebnej čiare.

Ďakujem za pochopenie

Friends!

There in the wider areal of the Fire Range is built up the military quarter.

- 1) This dormitory is equipped with two-bed rooms (except the one of three-bed and the one of four-bed rooms); the showers and the lavatories are shared from the corridor.
- 2) We offer a few two-bed apartments (each of them is equipped with shower and lavatory) to the married couples and women's shooters.
- 3) The bedding is included in the price of accommodation.

I kindly ask the Long Shot Slovakia participants for the mutual agreement of the rooms occupation, if possible. When you book the the rooms as a group in advance, it simplifies my work with the registration.

I accept full room occupation by individuals in case of the health (medical) or similar personal reasons only. This is also possible when rooms are not fully occupied (in case of lower demands to accommodation).

- 4) Breakfast and dinner are served in the same building as lodging is offered. Lunch is served in the rear of the Fire Range directly.

Thank you for understanding.
